

Crème Clean

Hillyard Creme Clean is an extra thick, detergent-based cleaner designed to tackle the toughest cleaning jobs. Creme Clean contains a mild abrasive, similar to jeweler's grade pumice, which provides deep cleaning action. It's ideal for cleaning porcelain, ceramic tiles, stainless steel, fiberglass, and Formica. You can depend on Creme Clean to remove stubborn organic stains, rust buildups, grease, oil, soap film, and more. Creme Clean contains bleach for whitening power. The bleach makes Creme Clean extremely effective around sinks, where food stains are prevalent.

- Mild abrasive for tough cleaning jobs.
- Controlled sudsing...free rinsing...leaves no film.
